INDEPENDENT AUDITOR'S REPORT ON ANNUAL ACCOUNTS (PYME)

To the Associations members of the FEDERACION DE ASOCIACIONES MEDICUS MUNDI ESPAÑA by appointment of its Executive Board:

Opinion

We have audited the annual accounts (PYME) of FEDERACION DE ASOCIACIONES MEDICUS MUNDI ESPAÑA (the Entity), which comprise the balance as at December 31, 2023, the income statement and related explanatory report for the year then ended.

In our opinion, the accompanying annual accounts (PYME) present fairly, in all material respects, the equity and financial position of the Entity as at December 31, 2023, as well as its financial performance for the year then ended, in accordance with the applicable financial reporting framework (as identified in note 2 of the notes to the annual accounts), and, in particular, with the accounting principles and criteria included therein.

Basis for opinion

We conducted our audit in accordance to the legislation governing the audit practice in force in Spain. Our responsibilities under those standards, are further described in the Auditor's responsibilities for the audit of the annual accounts (PYME) section of our report.

We are independent of the Entity in accordance with the ethical requirements, including those relating to independence, that are relevant to our audit of the annual accounts (PYME) in Spain, in accordance with the legislation governing the audit practice. In this regard, we have not rendered services other than those relating to the audit of the accounts, nor have situations or circumstances arisen that, in accordance with the provisions of the aforementioned legislation, have affected our necessary independence such that it has been compromised.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Most relevant aspects of the audit

Most relevant aspects are those that, in our professional judgment, were of most significance in our audit of the annual accounts (PYME) of the current period. These matters were addressed

in the context of our audit of the annual accounts (PYME) as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on them.

Income registration for subsidies

As explained in the report, the Entity registers non-refundable subsidies directly in net equity and are recognized as revenue for the financial year correlated with the expenses financed. The reimbursable subsidies are recorded in the liabilities until they acquire the status of non-refundable and subsidies that will be executed by other entities and the Entity acts as a mere intermediary, only treasury movements are recorded. In the notes 12, 13 and 14 of the report are detailed the subsidies received in the financial year, the amounts pending to be executed or transferred to other entities belonging to the federation, as well as their imputation in the income statement for the year. The accrual of these revenues and expenses constitute a relevant aspect of the audit because of its importance over the Entity's revenues.

As part of our audit work, among other procedures, we have reviewed the criteria established by the Entity for the recognition of income coming from grants. We have also requested the documentation that supports the grant received in the year and validated its correct valuation, imputation criteria and we have verified too, that the funds received have been applied to its purpose. Finally, we have evaluated whether the information disclosed in the report complies with the requirements of the applicable financial reporting framework.

Executive Board's responsibility of the for the annual accounts (PYME)

The Executive Board is responsible for the preparation of the accompanying annual accounts (PYME), such that they fairly present the equity, financial position and financial performance of the Entity, in accordance with the financial reporting framework applicable to the entity in Spain, and for such internal control as the Executive Board determine is necessary to enable the preparation of annual accounts (PYME) that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts (PYME), the Executive Board is responsible for assessing the Entity ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Board either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the annual accounts (PYME)

Our objectives are to obtain reasonable assurance about whether the annual accounts (PYME) as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that audits conducted in accordance with legislation governing the audit practice in Spain, will always detect a material

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts (PYME).

As part of an audit in accordance with legislation governing the audit practice in Spain, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts (PYME), whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Board.
- Conclude on the appropriateness of the Executive Board use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual accounts (PYME) or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts (PYME), including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Executive Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we might have identified during our Audit.

Among any significant risk communicated with the Executive Board, we determine those matters that were of most significant in the audit of the annual accounts (PYME) of the current period and therefore the ones considered most significant.

Document: **NOTES TO THE FINANCIAL STATEMENTS**
Entity: **FEDERATION OF MEDICUS MUNDI ASSOCIATIONS**
Period: **2023**

1.- ENTITY'S MAIN ACTIVITY

The not-for-profit Association **medicmundi** Spain was established, with full legal capacity to act, in Barcelona in 1963. In 1992 the Association **medicmundi** became a Federation and changed its name to the Federation of **medicmundi** Associations in Spain (henceforth the Federation or FAMME). It has its headquarters at calle Lanuza 9, Madrid. Its Tax ID Number (C.I.F.) is G-80454549 and its Registry Number is F-1,430.

FAMME is a non-governmental, non-profitable organization working for international solidarity. It has a federal structure based on Associations from the Spanish provinces and autonomous regions and it is independent of the public authorities or any other economic, political or religious group. As of 31st December 2023, the Federation included eight member Associations, which carry out their activities from their headquarters in the various provinces and autonomous regions across Spain.

Having been granted Public Utility status by Ministerial Order dated 27th February 1998, certain aspects of the Federation's activities are governed by Law 49/2002 of 23rd December regarding the tax system for not-for-profit entities and tax incentives for patronage. The Federation is partially exempt from tax.

The Federation's principal activities, as set out in articles 9 and 10 of its Articles of Association, are as follows:

- "To help bring about changes in society by promoting a culture of solidarity and civic engagement, so that poverty can be eradicated, and health can be a right available to all."
- "To help improve the population's health by implementing a strategy to strengthen primary health care and to improve both the coverage and quality levels of health systems, whether public or in the private, not-for-profit sector."
- "To encourage poverty reduction in all its dimensions, with special attention to the most disadvantaged regions and communities."
- "To promote human rights, gender equity and environmental sustainability by introducing these perspectives into all the activities carried out by the Federation of **medicmundi** Associations."
- "To support the social structure, the strengthening of institutions and the involvement of beneficiary communities in the dynamics of social empowerment with the aim of encouraging their growing role in the processes of change affecting them."
- "To foster solidarity and commitment in Spanish society towards people living in developing countries."
- "To support and coordinate the actions undertaken by the member Associations, to promote cooperation between them and to provide them with assistance and advice on any issue within the framework of these Articles of Association in order to fulfil the above aims."

The Association's programs and projects on cooperation and education for development are targeted at the residents of the communities in developing countries. We work closely with these communities and their residents are the direct beneficiaries of our support.

The Federation has filed its annual accounts at the Registry of Associations at the Ministry of the Interior.

2.- ACCOUNTING BASIS FOR THE ANNUAL ACCOUNTS

1) A true and fair view

The attached annual accounts have been prepared from the Entity's accounting records, which have been kept in accordance with the 2007 Spanish General Chart of Accounts' rules for Small and Medium-sized Enterprises (Royal Decree 1515/2007 of 16th November) and in accordance with Royal Decree 1491/2011 of 24th October, which laid down the rules for adapting the General Chart of Accounts for not-for-profit entities and the model for applying them.

It is the opinion of the FAMME Executive Board that these annual accounts give a true and fair view of the entity's financial position, its assets, and its surplus for the 2023 financial year and that they accurately reflect the levels to which its activities comply with existing legislation, subject to the clarifications contained in these Notes.

In accordance with the Federation's Articles of Association, these annual accounts must be submitted to the Ordinary General Meeting for approval. The Federation's Executive Board believes that they will be approved without any changes.

2) Accounting principles

The Entity has fully applied the accounting principles as stated in Spanish commercial law, Spanish Commercial Code and other commercial legislation.

Commercial Code and other commercial legislation.

General Accounting Plan approved according to the RD 1515/2007 and adaptations according to RD 1491/2011 of 26th of October, its Resolution of 26th of March 2013 of the Accounting Institute and Accounting Audit (ICAC), by which it is approved the General Accounting Plan of small and medium non-profit entities without and following the modifications of the RD 602/2016 of 2nd of December of 2016.

Development rules in accounting matters established by the ICAC.

Other corresponding legislation applicable.

3) Key issues in measuring and estimating uncertainties

The Executive Board does not consider that there are any significant uncertainties or key issues which may affect the valuation of the Federation.

4) Comparative Information

No changes have been made to the format of the financial statements which make up the Federation's Annual Accounts. In accordance with current legislation, the Executive Board has

provided comparative figures for the previous year for both the Statement of Financial Position and the Income Statement.

5) Items accounted for under different headings

Amounts owed to credit institutions are accounted for as long term and short-term loans. Amounts owned to banks, liabilities transformed into grants, donations and legacies and grants debtors have figures registered both into long and short term.

6) Changes to accounting policies

No changes into criteria have been registered.

7) Error amendments

No error amendments have been registered.

3.- PERIOD SURPLUS

Period surplus amounts **276.196,19 Euros**. This section sets forth the proposed surplus distribution, which the Executive Board will put forward at the Federation's General Meeting.

The Executive Board's proposed surplus distribution for the year is as follows:

Distribution basis	Year 2023	Year 2022
Shortfall period		
Surplus period	276.196,19	46.241,73
TOTAL	276.196,19	46.241,73
Application	Year 2023	Year 2022
General Reserve	34.035,54	46.241,73
Internal Solidarity Reserve	202.160,65	
Social Fund	40.000,00	
TOTAL	276.196,19	46.241,73

4.- ACCOUNTING AND VALUATION RULES

The principal accounting and valuation rules used by the Entity to prepare its Annual Accounts are as follows:

1) Intangible fixed assets

Intangible fixed assets solely relate to computer software, which is recorded at cost and depreciated on a straight-line basis over a maximum of 4 years.

2) Tangible fixed assets

Tangible fixed assets are shown in the Statement of Financial Position at cost plus, where relevant, any additional costs involved in making them ready for their intended use.

The Entity has not included any exchange rate differences, interest or any other financial charges in the purchase cost.

The Entity treats the costs of extending, updating, or improving an asset, when these are expected to increase the asset's estimated useful life, as increasing the book value of the asset up to a maximum of its market value. The costs of maintenance, servicing and repairs incurred during the year, however, are charged to the Income Statement.

Given its special characteristics as a not-for-profit entity, the Federation does not own any assets with the primary aim of generating a profit, as its goals are not profit-driven but rather involve promoting cooperation, education, and awareness-raising.

The Entity depreciates its tangible fixed assets on a straight-line basis, spreading the total cost of the assets over their estimated useful life, as follows:

Item	% anual
• Buildings	2%
• Fixtures and Fittings	5%
• Furniture	10%
• Computer Equipment	25%

3) Investment properties

Given the nature of the Entity, it does not generally own any assets which may be classified as investment properties, except those obtained through donations, bequests, and legacies.

4) Financial assets and liabilities

Given its nature and its social aim of providing technical and financial support for international cooperation projects in developing countries and for education and awareness-raising projects, the Entity does not trade in goods and services and only acquires financial assets and liabilities on an occasional basis. In this regard, its trading activity is essentially based on receiving grants and donations from public and private sources, which it uses to finance their management structures, its needs and projects which undertakes with its partners.

Financial Assets at amortized cost

The financial Assets included in this category should be valued initially at their cost, that may be equal to the reasonable value of the given price adding on top the transactional costs that may be directly assigned to them.

Its subsequent valuation may be done at its depreciated cost, only when its due date is longer than a year and the impact of flow updates is relevant against its nominal value. For the financial assets of this category with due date below a year may be valued at its nominal value.

At the period closing, the valuation corrections of impairment should be booked if there is evidence that the owed values will not be paid.

Financial assets kept for negotiation

The Entity considers financial assets kept for negotiation when:

- a) Are originated or acquired with the aim of being sold at short term.
- b) Are part of a portfolio of financial tools identified and jointly managed of which there is evidence of recent proceedings to get gains at short term or,
- c) Is a derived financial tool, only when it is not a warranty contract and it has not been assigned as a coverage tool.

The financial assets kept for negotiation are initially valued at a reasonable value unless there is contrary evidence, this should be the transaction price. The changes in the reasonable value are assigned to the period profit and loss statement.

At least at period closing, the necessary value corrections should be booked only when there is objective evidence that the booked value of the investment may not be recoverable. The value corrections of impairment or its reversal should be booked as an expense or an income in the profit and loss statement.

Financial assets at cost

In this category, the investments in the assets of the group, multigroup and associated entities should be classified, according to the 10th rule of preparation of the annual accounts, and the remaining asset tools, unless to these it applies what is mentioned in the paragraph of financial assets kept for negotiation.

The investments in asset tools included under this category should be valued initially at cost, that may be equal to the reasonable value of the given price adding on top the transactional costs that may be directly assigned to them.

Subsequently should be valued at cost, less, when applicable, the accumulated amount of value corrections of impairment.

At least at period closing, the necessary value corrections should be booked only when there is objective evidence that the booked value of the investment may not be recoverable. The value corrections of impairment or its reversal should be booked as an expense or an income in the profit and loss statement.

Financial liabilities at amortized cost

In reference to financial liabilities, correspond essentially to the supplier opened balances and service suppliers as well as refundable subsidies that may be booked as liabilities until the conditions to be treated as refundable are met.

The financial liabilities included under this category should be valued initially at cost, that may be equal to the reasonable value of the given price adding on top the transactional costs that may be directly assigned to them. Subsequently should be valued at depreciated cost.

Its subsequent valuation may be done at its depreciated cost, only when its due date is longer than a year and the impact of flow updates is relevant against its nominal value. For the

financial assets of this category with due date below a year may be valued at its nominal value.

5) Inventories

The Entity does not have any inventories of goods with a market value.

6) Foreign currency transactions

All transactions in foreign currency are due in less than one year. All expenditure incurred abroad is calculated using the average exchange rate for the transfers made during the year. Cash in foreign currency held at year-end is valued at the prevailing exchange rate on the 31st of December. Debits and credits in foreign currency are accounted using the exchange rate applicable on the date of the transaction.

7) Corporate income tax

Given the nature of its activities, the Entity is exempt from corporate income tax, in accordance with the regulations for Not-for-Profit Entities with Public Utility status.

8) Income and expenditure

Income and expenditure are accounted for on an accrual basis, i.e. when the actual flow of goods and services they represent occurs, regardless of when the monetary or financial flow arises. The same policy is also used for cooperation projects through the reconciliation of each project's funds as of 31st of December each year.

However, following the prudence concept, the Entity only accounts for income realized as at the year-end whilst foreseeable contingencies and losses, including potential losses, are accounted for as soon as they are known.

9) Provisions and contingencies

Due to its type of activity and in the absence of any assets at risk of impairment, deterioration or default, the Entity does not need to make any provisions for contingencies.

10) Grants, donations and legacies

Repayable grants are shown as liabilities until such time as they become non-repayable.

Restricted non-repayable grants, donations and legacies are directly accounted for under net assets at the amount awarded and are later proportionally reclassified as income in the surplus for the year, based on the expenses which the grant is financing.

Non-restricted non-repayable donations are directly accounted for in the surplus for the year. These grants become non-repayable when there is an individual agreement awarding the grant, donation or legacy to the entity, all the conditions for the award have been met and there is no reasonable doubt that it will be received.

Whilst they remain repayable grants, they are accounted for long/short term debts convertible into grants. When the grants are awarded to finance specific costs, they are accounted for as income in the year in which those costs were incurred.

11) Joint Ventures

There are no joint ventures.

12) Transactions with FAMME member Associations

The Federation of **medicusmundi** Associations brings together eight Associations in Spain. As a result, FAMME carries out transactions with **medicusmundi** Associations which involve both the shared management of AECID- and EU-funded projects and business deals within the **medicusmundi** network.

15.6- Information regarding the Executive Board

During 2023 financial year, the Executive Board members did not carry out any transactions with the Federation or the Group's Associations outside the ordinary course of business or in conditions other than those prevailing in the market.

The Federation, as per its Statutes shows that all members of the Executive Board are altruistic, therefore without any remuneration related to its position in the Board.

The Executive Board members do not own shares, hold positions or carry out duties in any companies with the same, similar or complementary social aims to the Federation. However,

some Executive Board members hold management positions in the Group to which the Association belongs but these roles have not been included in these Notes given that they have no effect on their duties of diligence and loyalty or on potential conflicts of interest in the context of refunded text of the Law of Capital Entities approved by Real Decree 1/2010 of 2nd of July.

The fees, either in cash or in kind, from the Federation to the members of the Executive Board on the concept of refund for the expenses generated due to the performance of their functions is as follows;

Assistance to Executive Board meetings and Assemblies	741,46
---	--------

15.7- Auditors’ remuneration.

The remuneration to the Federation of **medicmundi** Associations’ auditors for services provided during the 2023 financial year is 1.642,88 euros without taxes. In 2022 amounted 1.587,32 euros.

15.8- Information relating to the Environment.

The signatories to these Annual Accounts, as members of the Federation of **medicmundi** Associations’ Executive Board, state that there is no item in the Federation’s accounts relating to these Annual Accounts that should be included in this document, apart from the environmental information stipulated by the Ministry of Economy Order of 8th October 2001. The Federation has no responsibilities, expenditure, assets, provisions or contingencies of an environmental nature which could have a material effect on its assets, financial position and income statement.

15.9.- Status of accomplishment of legal deadlines of payment to suppliers in commercial operations.

According to the established on the final second provision of Law 31/2014, of 3rd of December, in which is modified the Capital Entities Law for the improvement of the corporate governments, the additional provision of the third Law 15/2010, of the 5th of July is also modified, as it is Law 3/2004, of the 29th of December, in which there are established politics of fight against delinquency in commercial operations, the follow is indicated:

	2023	2022
Average period of payment to suppliers	6,27	8,62

The maximum period of payment to suppliers is 60 days.

15.10- Additional Information

- a) The Federation does not own any percentage shareholding in commercial companies.

- b) The Federation's Executive Board members, as a result of their roles as Directors, have no financial interest in commercial companies and, therefore, do not receive any remuneration from such companies.
- c) Economic Cooperation Agreements in general interest activities signed by the Entity in 2023 period are as follows:
General Óptica has economically support with 80.000,00€ **medicmundi** projects in South and del North countries. In the South, giving priority to eye-care projects in Burkina Faso and Guatemala. In the North, supporting our "Maratones de Cuentos" performed by various **medicmundi** Associations. The aim of theses "Maratones" is to raise awareness to the youngest, through the stories, of the hardness you find in other countries to get access to Health. In this sense, **medicmundi** has promoted and spread in its newsletters, magazines and web page the mentioned Cooperation with General Óptica.
Bankia-Caixabank has cooperated with the Federation of **medicmundi** with 5.664,00€. In this sense, the Federation has promoted and spread in its newsletters, magazines and web page to this cooperation.
Laboral Kutxa (Caja Laboral) has collaborated with the Federation of **medicmundi** with 743,64€. At the same time, the Federation has promoted and given publicity in its newsletters, magazines, social network and web page of this collaboration.
Caixabank (La Caixa) has cooperated with the Federation of **medicmundi** with 1.903,50€. In this sense, the Federation has promoted and spread in its newsletters, magazines and web page to this cooperation.
- d) The Federation does not carry out any priority patronage activities.
- e) In article 63 of its Articles of Association, the Federation states that "In the event that the Federation is dissolved, assuming that there are any assets remaining, the General Meeting that approved the dissolution shall nominate a liquidation committee from among the Executive Board members to be responsible for the existing funds so that, once the Federation's obligations have been satisfied, the remaining funds, if any, shall be distributed equitably and proportionally between the member Associations of the Federation of **medicmundi** Associations".

16. RISK ANALYSIS ASSOCIATED TO FINANCIAL TOOLS.

The Federation has an internal "Code of Conduct for Financial Investments", as well as various procedures and internal controls that allow the identification, measurement and management of potential risks associated to the financial activity.

According to what has been established by the Board of CNMV in its instruction of the 20th of February 2019, annually is communicated to the Executive Comitee of the Federation the possibility of executing Financial Investments according to the following rules:

- The Federation follows criteria on regards of security, cash and profitability diversifying the investments according to the minimum risk profile in the financial investments and in the entities of deposit of them.
- With the aim of keeping the levels of cash, the majority of the investments are done in financial tools negotiated in secondary official markets and easily interchangeable into cash to make easier its applicability to the nature of the expense to be financed with the funds

received by the donors and Public Institutions, that are always kept segregated and in a cash position only.

- Transactions with a speculative nature are avoided, investing only in tools with ensured profitability not to lose purchasing power until its applicability.

a. Credit Risk.

The risks of the Federation linked to its financial tools are mitigated somehow as the majority of cash excess are placements of financial tools.

The Federation is not significantly impacted by the credit risk as the majority of its incomes are derived of received donations and grants, being unlikely that the account payables related to them are not being effective.

The Federation, as being explained, has an internal Code of Conduct for the realization of Financial Investments that allows to reduce the risks derived from the financial management.

b. Market Risk

Market risk happens because of the loss related to the changes in the reasonable value and in the future cash flows of a financial tool derived from changes in its market value. The market value includes exchange rate impact and other price risks.

I. Exchange rate impact risks.

Exchange rate impact is produced due to the loss related to changes in the reasonable value and in the future cash flows of a financial tool derived from changes in the exchange rates. The Federation does not have financial tools subject to relevant changes related to the exchange rate.

II. Other price risks.

Shares, quoted fixed income securities and investment funds are subject to changes in their reasonable value derived from the market value of such investments.

In any case, the risk in this sense is not relevant as the Federation, during period 2023 and 2022 has only invested its cash excess in fixed-term impositions and in an ISR investment fund. The investment that may be left in assets or in variable income funds always come from legacies and inheritances and are kept as investments in a transient way.

c. Cash risk.

Cash risk is produced in case the Federation has issues for cash disposal or access to it, for a sufficient amount and at an adequate cost, to be able to face the payments obligations at any time. The entity has no cash risk as of 31st of December.

The current Annual Accounts have been prepared by the Executive Council of the **medicusmundi** Associations during their board on the 13th of March 2024, later subjected to approval in the Member Assembly. The Annual Accounts consist of 45 pages (Balance Sheet in pages 1-2, Profit and Loss Account in Pages 3-4, segregated Profit and Loss Account in pages 37-38 and the Economic Report in pages 5-45), being the latest intended to be signed by all members of the Executive Council, with the signature of the Secretary of the Executive Council in all pages.

In Madrid, on 13th of March 2024

This document is the English versions of the Annual Accounts, originally issued in Spanish and signed by all members of the Executive Board of the Federation.
